

## **Gino**

Gino came to us from a family who had loved him dearly but could no longer care for him as a result of an accident. He is the dream Newfie I have been looking for and I am so grateful to his former owners and Jocelyn of HANR for allowing us to come together.

Gino is a wonderful big buddy for our ten-week-old Golden Retriever, despite the more than slight difference in size! Little Zeke adores Gino, and three-year-old Gino is more than happy to let

his inner puppy out to frolic, run and play with his little guy. Our family of five is so very happy with Gino.

In addition to being a gorgeous animal, he is smart, noble,

funny and loving. Every one who has met him has been quite amazed and impressed. He is the great, big, furry love in our lives!
