

Max

We adopted Max through HANR rescue in the late summer of 2011. He had been fostered by volunteer Kris Y. She posted pics on Facebook and we just knew we wanted him to join our family. We met Kris at a park in northern Kansas to pick up Max. Kris let him out of her car and he ran across the park directly to me. Love at first sight!

He has been a joy to our lives ever since. That same week-end, we took Max to a water practice to see if he could and would swim and I was delighted to find out he loves the water.

Max joined our family, which includes Newfoundland dogs Bella and Haven, seamlessly. He and Bella are best friends and love to wrestle and play constantly. He loves to go on car rides. He

successfully completed his beginning basic manners class and is about to finish his advanced class and will be taking his CGC test soon. We can't wait for summer, so we can get back in the water and start training for his WD.

Puppies are a lot of fun, but with so many adult dogs needing the love of a forever home we are so glad that we were blessed with the opportunity to take Max into our home and lives.

Barry & Stacy S.
